

Get acquainted with the best "Stay-on" case on the market. Below are instructions on proper fit and key feature use.

**1.** Four Secure Corners..

Use outer strap set for big laptops, and the inner set for smaller laptops...

**2.** Dial in Fit...

Pull Adjusters so laptop is pushed forward, snugly into corner straps...

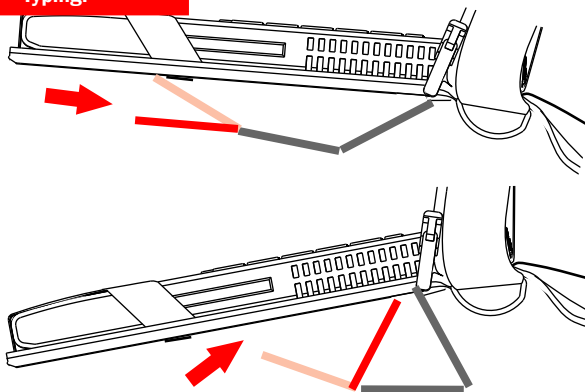

**3.** Convertible...

To quickly pull the laptop out or use as a top loading bag, open rear flap and unbuckle adjusters...

Key feature use:

**Typing.**

Unhook the velcro with your finger then push the front plate up and back into the tripod seam...

**Pockets.**

Unzip the expandable gusset for maximum storage, or keep it zipped closed for minimum bulk...

**Zipper.**

The laptop can remain flat on the table as you close the screen, zip main compartment, then walk away...
